# CHOCOLATE CAKE

Makes one 18 cm cake or mixture can be put into cake cases

## Ingredients

62g Butter

62g Caster sugar

62g Self raising flour

2 tbsp of Coco powder

1 egg

## Instructions

- Cream together the butter and sugar until pale.
- Beat in the egg
- Sift flour and coco powder together, then fold carefully in to the mixture. The cake mix should be of dropping consistency. If too thick add a little milk.
- Place into a lined 18 cm sandwich tin lined with parchment or into cake cases.
- Bake in a pre-heated oven at 180°C for 20-25 minutes for the cake or 15-20 minutes for the cup cakes.
- To check if the cake is ready to take out of the oven, lightly press the centre of the cake and if it springs back then it is cooked.
