

# Baby Signing Activity Card 4

At Kiddi Caru we use Sing & Sign to introduce early communication with our younger babies, who cannot currently speak, to enable them to express themselves and ease frustrations.

Monkey

Ball your hands into fists and bend your arms from the elbow (like a monkey would)

Pig

Make a fist and put it in front of your nose in a circular motion

Cow

Put your fists at the side of your head and arc them up and out to represent horns

Cat

Put your first three fingers on your cheeks and then arc them down (like a cat's whiskers)
