

Valentine's Heart Threading

WHAT YOU NEED

Paper plate or cardboard box
Scissors
Wool (red or pink)

METHOD

1. Fold the cardboard in half and cut half a heart along the fold
2. Provide your child with a long string of wool to thread through the hole and around the edges
3. You can cut a number of hearts in the cardboard to really challenge your child's fine motor skills
4. Once complete, you can attach another loop of string to hang their creations from the ceiling
