

Kiddi Caru Day Nurseries Group 2021 Sunflower Competition!

Could you be our next record holder?

2017 Record **289cm**: Alex at Kiddi Caru Caldecotte

2018 Record **297cm**: Ava at Kiddi Caru Redhill

2019 Record **334cm**: Rhys at Kiddi Caru Harlow

What you need to do:

1. Plant your sunflower in a nice sunny spot and measure it each week, noting its height on the chart below.
2. Keep us updated with photos and how your flower is growing via Facebook, Instagram and Twitter by tagging @Kiddicar
3. Take a photo of you with your amazing sunflower and send it, with your flower's tallest height, to marketing@kiddicar.com or @Kiddicar by **Monday 9th August**
4. The tallest Sunflower winner will be announced on **Tuesday 10th August** and will receive a bug themed book and games bundle with Books & Pieces!

Our top Sunflower tips!

- Plant your seeds in a weed free area with lots of space to grow
- Water your sunflower every day to keep it strong and healthy
- **Your sunflower should begin to flower after 8-10 weeks!**
- When your sunflower starts to get nice and tall you may need to support it with bamboo canes
- Even though our competition ends in August, your sunflower should continue to grow through to mid-September!
